

Dear Sirs:

In regards to taping programming from 6am till 10pm..Please!! We are a station in a town with a population of 4 thousand. Our station has one full-time employee-the owner, 2 part-timers and we are right in the heart of the Bible Belt. The strongest word ever heard on this station is "God" and that's in a prayer! The vast majority of our programming is from ABC-Real Country and much of our advertising is from churches and God fearing merchants. Indecency on the airwaves is something we only read about in the trade journals. Please...please!! Don't make us do it!

Respectfully...

Jim Baum Licensee
